Technical specifications on rear ▶

PERFECT MOWING AND MULCHING

The tough main blade cuts, while the second upper wing blade shreds the material to a homogeneous mulch. Extremely solide blade mount.

SUITABLE FOR STEEP SLOPES

Perfectly equipped engine for work on slopes thanks to the additional fuel and oil pump with oil pressure switch.

SIMPLE HEIGHT ADJUSTMENT

Continuous central height adjustment 50 - 100 mm.

MECHANICAL GEARBOX

The 5-speed gearbox with differential lock and reverse gear ensures perfect traction progress even on wet ground.

HIGHEST VERSATILITY

Double blade speed "VarioSpeed" allows you to perfectly mulch lower grass as well as to cut heavy scrub. Lawn or undergrowth, it does a perfect job.

Recommended retail price inc. VAT.
